Hi Bob,

Thank you for the opportunity to review and comment on the formaldehyde response to comments document. I commend Barbara and the team for this good first draft, as a thoughtful response to most issues has been given.

Please see the appended file with my specific comments and suggested edits. I hope these will be helpful to you in

Ex. 5 Deliberative Process (DP)

Thank you again and do let me know if there are questions or if it would be helpful to discuss my comments.
